3. Medicine Reminder & Smart Refill
4. AI Prescription Reader
5. Home Sample Collection Marketplace
6. Live Medicine Availability
7. Healthcare Membership Plans
8. Health Score Dashboard
9. Wearable Integration
10. Preventive Healthcare Recommendations
11. Emergency Mode
12. Chronic Disease Programs
13. Women's Health Section
14. Insurance Integration
15. Healthcare Rewards System
16. Trusted Healthcare Community

## Recommended Roadmap

Phase 1: AI Assistant, Family Records, Prescription Reader, Medicine Reminder.

Phase 2: Lab Marketplace, Membership, Health Score, Chronic Care.

Phase 3: Wearables, Insurance, Rewards, Community.

## Pakistan Market Opportunity

Most platforms focus on appointments and orders. A unified platform that manages records, reminders, AI guidance, preventive care, and long-term patient engagement can create a strong competitive advantage.
